

#SaferToBeMe Summit 2025

Making it Safer to Be Me: A Partnership Guide

ReportOUT

A huge week-long global summit

Held in the North East of England

Starting 20th October 2025

**To stand in solidarity against
LGBTQ+ harm and hatred**

**With delegates arriving from
across the United Kingdom**

**And delegates arriving from
across the globe**

Why do #SaferToBeMe in 2025?

The world is changing for EDI and LGBTQ+ rights. Let's stand together in solidarity. Let's make the world a safer place to be.

The 2025 #SaferToBeMe Summit returns to the region for a second time and promises to be the biggest one yet since our inaugural launch in 2023. Being the only global LGBTQ+ Summit held in the United Kingdom, we proudly bring this to the North East of England.

To make this happen and thrive, we have an ambitious and exciting programme of events held over the course of a week in October, all held around the theme of LGBTQ+ rights and allyship being 'local to global' as we stand in solidarity.

In an uncertain world at the moment, it can feel like LGBTQ+ rights are under attack and diminished by populist leaders, nation states, and moral entrepreneurs. So, it is more important than ever as individuals, organisations, politicians, governments, and businesses, to pull together in solidarity and to make a visible stand as allies. We invite you to be part of #SaferToBeMe and I encourage you to look through our planned programme of events.

#SaferToBeMe will bring this rich programme of events as part of a thriving partnership of three North East based LGBTQ+ organisations: Pride Action North, OUT North East, and ReportOUT. This week-long Summit is uniquely held in the North East of England, bringing new UK and global visitors to the region, benefitting our local economy, and highlighting how inclusive our region of the UK is for all.

In the lead up to #SaferToBeMe, we also want to encourage organisations, youth groups, educational establishments, the criminal justice system, and more, to develop awareness-raising opportunities around the theme of #SaferToBeMe (see page 19 for further information on how your organisation can get involved).

This event will help to restore community cohesion in uncertain times, and offer hope, acceptance, equity, and visibility for LGBTQ+ people in the United Kingdom, and beyond. The North East of England is known for its warm and friendly people, so what better place to host it than here! We hope that you will get involved and be part of #SaferToBeMe in October 2025, showing your commitment to LGBTQ+ people across the world.

Praise for #SaferToBeMe in 2023

“

“This was the first of its kind in the UK, bringing together people from across the globe to discuss LGBTQ+ rights. It shows that the North East can host these types of events and that the region is a warm, diverse, and welcoming place for everyone”

“Superbly curated event that enabled participants “in the sector” to step out of the usual bubbles. Action-oriented, practical, human rights-based - it ticked many boxes for me!”

“

“There was a diversity of approach at the event, which I found to be very refreshing. It was not all one-note, but rather a coming-together of diverse professionals willing to share their ideas. This event was useful for every professional, no matter which industry they are part of”

”

“To see the Amsterdam Rainbow Dress displayed in the UK for the first ever time was something else. What a call to unity in such difficult times for LGBTQ+ people!”

“

“Incredibly interesting and thought provoking. Many “why haven't I heard about this before?” or “why haven't I thought about this before?” moments. The event was highly successful in providing a forum for various international speakers, and for involving UK LGBTIQ+ community members”

”

“I left the event feeling that there was a glimmer of hope in the world”

Looking back at #SaferToBeMe in 2023

A United Kingdom first

Hosting the Amsterdam Rainbow Dress

In June 2023, ReportOUT hosted #SaferToBeMe at the University of Sunderland. This was after the UK Government cancelled their planned 'Safe To Be Me' Conference, and LGBTQ+ organisations withdrew (ourselves included), so we hosted our own event to replace it.

Our launch event at the National Glass Centre in Sunderland hosted the stunning Amsterdam Rainbow Dress, which is made up of the flags of the current 65 nation states that criminalise same-sex love. It was a striking start to the whole event. We sold over 100 tickets for this event, and were joined live by ITV and BBC News.
